| Assignee: | Rob Nahf | % Done: | 0% |
| Category: | d1_integration | Estimated time: | 0.00 hour |
| Target version: | | Story Points: | |
| Milestone: | CCI-1.2 | | |
| Product Version: | * | | |
| Description | | | |
| need to check Tier3 (update method) | | | |
| can't test via webtester unless we require more pre-existing objects, and that would not be very powerful test. | | | |
| Put in a functional test (needs a CN), post-indexing, using CN.search on objects where obsoletes is set, mn/v1/meta/{obsoletes} all should have archived set to true. | | | |
