Description

Log Reporting, Citation, Human Endpoints, LogStats API

OLAP design for stats cube, LogStats API, design client-side UI for displaying object, node, and user level stats on web

we need some preliminarly implementation before we submit proposal for renewal

user login and user stats summary

high priority simple dashboard/summary of information.

Bruce has some good ideas, has a powerpoint and some documentation. Need to setup a meeting and record his ideas more formally.
