| Description Since Member Nodes will be the authoritative source of system metadata, they need to always keep the Coordinating Nodes apprised of changes to system metadata. Add CNcore.systemMetadataChanged() to the CN APIs, and update the operations documentation such that MNs are aware that all changes to system metadata (manually or programatically) should call this new method. This change will affect the following components d1_common_java d1_common_python d1_libclient_java d1_libclient_python d1_cn_rest d1_cn_rest_proxy d1_synchronization ? Metacat CNodeService | | | |

History

#1 - 2014-10-01 16:45 - Robert Waltz

- Target version set to CCI-2.0.0

#2 - 2015-06-09 22:51 - Rob Nahf

because the notification links into the synchronization queues, we're implementing CN.synchronize instead.

#3 - 2015-06-12 16:21 - Rob Nahf

- Status changed from New to Rejected
