

Infrastructure - Task #3756

Story # 3755 (Closed): Structural changes to D1 APIs for 2.0 release

Modify getLogRecords to allow filter by NodeID

2013-05-09 17:41 - Robert Waltz

Status:	Rejected	Start date:	2013-05-09
Priority:	Normal	Due date:	
Assignee:	Ben Leinfelder	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	CCI-2.0.0	Story Points:	
Milestone:	CCI-2.0		
Product Version:			
Description			
MNs are not able to query for stats only related to their node. Add in a query parameter for displaying data based on NodeID			

History

#1 - 2014-07-10 00:51 - Ben Leinfelder

- Status changed from New to Rejected
- translation missing: en.field_remaining_hours set to 0.0

MNs should not be calling [other, their own?] MN.getLog() methods and, rather, should look for log records on the CN that has aggregated records from across the network. I agree that whatever is exposing the aggregated log records on the CN should allow filtering those records by nodeid, but that is not a call to getLog().
