<b>Target version:</b>	2013.26-Block.4.1	<b>Story Points:</b>	
<b>Milestone:</b>	CCI-1.2		
<b>Product Version:</b>	*		

#### Description

The `d1_cn_rest` service branch is currently at v1.1, and needs to be updated to include changes in the portal code. This will then be followed by installation in stage from the branch, and finally tagging at the v 1.1.1 level for production.

#### History

##### #1 - 2013-06-24 23:14 - Ben Leinfelder

- Subject changed from `Update the cn_rest_service branch for a CN 1.2 release` to `Update the cn_rest_service branch (v1.1) for a CN 1.2 release`
- Status changed from `New` to `In Progress`

This also requires updates to the `d1_cn_common` library - similar tag/branch number scheme so should be straightforward and just considered part of `cn-rest` as a whole.

##### #2 - 2013-06-24 23:19 - Ben Leinfelder

- Description updated

##### #3 - 2013-06-26 18:25 - Ben Leinfelder

- Status changed from `In Progress` to `Closed`
- translation missing: `en.field_remaining_hours` set to `0.0`

The `d1_cn_service` v1.1 branch is now pulling in the correct tag targets for its dependencies (being built from those project's respective branches).

This includes:

`d1_cn_common`  
`d1_identity_manager`  
`d1_portal`  
`d1_cn_noderegistry`  
`d1_common_java`  
`d1_libclient_java`
