

Member Nodes - Task #3839

MNDeployment # 3552 (Closed): USGS CSAS

ORE documents contain references to non-existent science metadata pids

2013-06-24 22:45 - Skye Roseboom

Target version:			
Story Points:			
Description <p>It appears the resource maps for USGS CSAS contain references to science metadata documents that do not exist on the MN or on the CN.</p> <p>For example: http://mercury-ops2.ornl.gov/clearinghouse/mn/v1/object?count=102&start=300 for a list of ORE documents. Choosing the first: resourceMap_doi_10.5066_F7057CW6.xml A snippet from the ORE document:</p> <p>@ https://cn.dataone.org/cn/v1/resolve/resourceMap_doi_10.5066_F7057CW6.xml#aggregation/ore:isAggregatedBy doi:10.5066/F7057CW6/dcterms:identifier</p> <p>/rdf:Description @ I am unable to locate a document for pid: doi:10.5066%2FF7057CW6 on the MN: http://mercury-ops2.ornl.gov/clearinghouse/mn/v1/object/doi:10.5066%2FF7057CW6 returns a not found message.</p> <p>However, replacing the ':' and '/' with '_' works: http://mercury-ops2.ornl.gov/clearinghouse/mn/v1/object/doi_10.5066_F7057CW6 http://mercury-ops2.ornl.gov/clearinghouse/mn/v1/meta/doi_10.5066_F7057CW6</p> <p>So it would seem the ORE documents are referencing science metadata docs by a different naming scheme?</p>

History

#1 - 2013-06-24 22:48 - Skye Roseboom

- File resourceMap_doi_10.5066_F7057CW6.xml added
- File resourceMap_doi_10.5066_F7057CW6.xml added

attached ORE document

#2 - 2013-06-24 22:49 - Skye Roseboom

- Description updated

#3 - 2013-06-24 22:51 - Skye Roseboom

Seems to effect all USGS CSAS resource maps, the above was just an example

#4 - 2013-06-24 23:57 - Skye Roseboom

If these ORE are incorrect, lets discuss how to roll out the updated ORE documents.

#5 - 2013-06-25 20:56 - Ranjeet Devarakonda

- *translation missing: en.field_remaining_hours set to 0.0*
- *Status changed from New to Closed*

Issue should be fixed. File names for science metadata were not being added correctly.
