<b>Target version:</b>			
<b>Description</b> As part of the cooperative agreement, it is necessary for <a href="#">DataONE</a> to stand up three Member Nodes by the end of the first year.  Rationale  This is a requirement of the CA. The intent is perhaps to demonstrate significant progress on the implementation of the proposed infrastructure.  Fit Criteria <ul style="list-style-type: none"><li>• Prototype member node functionality is designed</li><li>• Targets for the prototype member nodes have been identified</li><li>• Software implementations for the target member nodes are available</li><li>• Deployed member nodes effectively participate in the <a href="#">DataONE</a> cyberinfrastructure</li></ul>
