Description

The relationship between the Coordinating Nodes, Member Nodes and the DataONE user community involves trust and expectations that is presently implied. The following policies stand out as absent:

- An acceptable use policy (AUP) that DataONE users agree to abide by.
- A privacy policy which states how DataONE will and will not collect, use and share data regarding its users.
- A set of expectations stating how CNs and MNs behave with regard to IdM.

History
