Target version:	
Description Dryad was one of the four targets identified for participation as a member node for the year one milestone (#318 , #386). This decision was made at the source:/documents/Committees/CCIT/20091117_CCIT_Knoxville meeting. Rationale "Dryad": http://datadryad.org/repo provides an API that is a good match for operating as a DataONE Member Node and has significant holdings relevant to the DataONE project. Fit Criteria <ul style="list-style-type: none">• The DataONE MN APIs are implemented such that Dryad can participate in the DataONE cyberinfrastructure• The data and metadata holdings of Dryad are made available to the DataONE network
