Product Version:	1.2.0			

Description

to support implementation of NodeReplicationPolicy type in cn_nodeRegistry project.

(in dataone_cn_os_core)

see http://mule1.dataone.org/ArchitectureDocs-current/apis/Types.html#Types.NodeReplicationPolicy for attributes

Add to d1Node

May have these attributes:
d1ReplicationPolicyMaxObjectSize 0 or 1
d1ReplicationPolicySpaceAllocated 0 or 1
d1ReplicationPolicyAllowedNode 0 or *
d1ReplicationPolicyAllowedObjectFormat 0 or *

Turns out it would be nice to added in an embedded server for unit testing instead of relying on an external implementation of openldap
