Description Although the "KUBI node": https://bidataone.nhm.ku.edu/mn/v1/node is in the stage testing environment, we check the content of the node document and the objects such that it will look the same as if in production. The field has 'Test Member Node', and should be updated to be a few sentences that describes the Biodiversity Institute and its data repository. A few examples can be seen in these node documents: https://cn.dataone.org/cn/v1/node/urn:node:USGSCSAS https://cn.dataone.org/cn/v1/node/urn:node:SANPARKS https://cn.dataone.org/cn/v1/node/urn:node:PISCO
