Summary View:

Work to align 'navigation' buttons to right hand side margin.

HEADER AREA:

* Change title to Summary of Member Node Holdings

* Header boxes:

* remove total files box

* add rollover help text to large rectangles - use text from table column helps.

* Need to mention Publicly available. (if log aggregation is data source - may include more than public available?)

- Change data box color to be orange (and associated graph lines).

if there is a missing value, show "-" (count of records=0) rather than "0" (sum of records=0)

GRAPH AREA:

*

Change the route from nodes to summary.

see URL - change .../dashboard/#nodes/detail/urn:node:KNB to .../dashboard/KNB
