#### Description

Following up on 2013-10-29 telecon with MPC (see epad at <http://epad.dataone.org/MPC-and-DataONE>), touch base with Alex and Tracy to see who needs to be in the next call and when to have that call

#### History

##### #1 - 2013-11-02 14:51 - Bruce Wilson

- Status changed from In Progress to Closed
- % Done changed from 0 to 100
- translation missing: en.field\_remaining\_hours set to 0.0

Tentatively scheduled for 11/7; may need to adjust. Good email discussion of what's involved in DataONE implementation. Going down the route of OAI-PMH with the (as yet unbuilt) Slender Node looks to be the most attractive option.
