Infrastructure - Task #4210

Metacat does not set serialVersion correctly in CNodeService archive() or delete()

2013-12-20 15:22 - Chris Jones

Status:	Testing	**Start date:**	2013-12-20
Priority:	Immediate	**Due date:**	
Assignee:	Chris Jones	**% Done:**	50%
Category:	Metacat	**Estimated time:**	0.00 hour
Target version:			
Milestone:	CCI-1.2	**Story Points:**	
Product Version:	*		

Description

For DATA and METADATA, CNodeService.archive() and D1NodeService.archive(), respectively, don't increment the serialVersion field. Check this for delete() as well. D1NodeService delegates to DocumentImpl to call the HZ put() method, so the fix needs to be there, and in CNodeService.

History

#1 - 2013-12-20 16:12 - Chris Jones

- Status changed from In Progress to Testing

Modified CNodeService and DocumentImpl to increment the serialVersion.
