

Infrastructure - Task #4233

Story # 4230 (Closed): CN System Metadata needs tidying

Persist the Merged System Metadata

2014-01-22 17:24 - Chris Jones

Status:	Closed	Start date:	2014-01-22
Priority:	Normal	Due date:	
Assignee:	Chris Jones	% Done:	100%

Target version:		Story Points:	
Milestone:	None		
Product Version:	*		

Description

ScheduledUpdateExecutorService wakes up periodically to query for completed MergeJobs, and executes UpdateMergedSystemMetadataJobs. (Triple synchronized CN metacat db transaction). Only updates, no inserts. (metacat replication to handle missing). Update MergeResult table record's 'repair status' value (success/failure) and repairDate. Evict and rehydrate the CN's hzSystemMetadata map, causing re-index of updated system metatdata in search index.
