Story Points:			
Description <ul style="list-style-type: none">• (Important!) No types implement equals or hashCode<ul style="list-style-type: none">◦ suggest adding proper equals and hashCode so they can be used in (e.g.) Sets which will currently provide <i>very</i> strange results◦ consider Google Guava libraries and auto generation - Guava is a fantastic library, and if adopted should also replace all collection implementations◦ ensure test exists for each method, to catch unspotted infinite recursion in the methods
