- Status changed from New to Closed

- % Done changed from 0 to 100

NCDC is one of the three NOAA data centers (along with NODC and NGDC) which were consolidated into the NCEI (National Centers for Environmental Information). We are currently working with the former NODC to develop a MN for NCEI. See ticket <https://redmine.dataone.org/issues/3228>.

We are not planning to have a separate MN for NCDC.
