<b>Description</b>			
<p>It is necessary (desired and indicted in proposal) that all products developed on the project would be released with an appropriate, recognized open source license.</p>			
<p>h2. Rationale</p>			
<p>Open source is a good thing. See <a href="http://www.opensource.org/docs/definition.php">http://www.opensource.org/docs/definition.php</a> for more details.</p>			
<p>h2. Fit Criteria</p>			
<ul style="list-style-type: none"><li>• All software developed on the project includes an approved open source license</li><li>• Selected licenses do not conflict with the licenses used by components that are extended or utilized by custom software developed on the project</li><li>• A software license audit can be successfully passed.</li></ul>
