

Infrastructure - Task #611

Refactor MetacatHandler and CrudService to not use ServletContexts in the API

2010-05-06 17:00 - Chad Berkley

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:	Chad Berkley	% Done:	100%
Category:	Metacat	Estimated time:	0.00 hour
Target version:	CCI-0.4	Story Points:	
Milestone:	None		
Product Version:	*		
Description			
Need to fix metacat so that CrudService can be instantiated as a singleton without having to pass in Servlet parameters.

- Status changed from New to Closed

[CrudService](#) is now a singleton. Several of the methods in [MetacatHandler](#) still return xml, but they can be pretty easily changed now to throw exceptions and return data structures instead of xml.

I also wrote a test for [CrudService](#). Right now it only includes a create() test, but will soon test all functions in [CrudService](#).
