

Infrastructure - Bug #6403

New 'direct access to data' checkbox needs to appear when no search results are returned

2014-09-19 19:47 - Skye Roseboom

Status:	Closed	Start date:	2014-09-23
Priority:	High	Due date:	2014-10-17
Assignee:	Skye Roseboom	% Done:	100%
Category:	d1_mercury	Estimated time:	0.00 hour
Target version:	CCI-1.4.1	Story Points:	
Milestone:	None		
Product Version:	1.5		
Description			
Last release placed the 'results with data' filter to the search results page - however the control is not being displayed when there are no search results. This causes the user not to be able to de-select the data filter to show results without direct data access.			
Effects the mercury-ui component (not mercury-common).
