

Infrastructure - Story #667

Implement a VM that will host the integration tests

2010-06-15 15:13 - Dave Vieglais

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:	Dave Vieglais	% Done:	100%
Category:	Documentation	Estimated time:	0.00 hour
Target version:	CCI-0.4		
Story Points:			
Description			
As a developer, I want to ensure that the service interfaces and functionality expressed by the member and coordinating nodes is conforming to the specification and operates consistently when called from Java or Python client libraries.

- Status changed from New to Closed

This is implemented using Hudson on a vm. The machine is dev-testing.dataone.org. The Hudson URL is:

<http://dev-testing.dataone.org:8080/hudson/>
