<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Story Points:</b>			
<b>Description</b>			
Supporting Python 2.7.x will become increasingly difficult and so all the DataONE python code should be migrated to version 3.x support.			
For example, Python version 3.x includes many fixes related to secure communications that will not be back ported to Python 2.7.x
