Infrastructure - Task #683

Configure Metacat replication and document setup

2010-06-22 02:40 - Dave Vieglais

Status: Closed Start date:

Priority: Low Due date:

Assignee: Chad Berkley % Done: 100%

Category: Documentation Estimated time: 0.00 hour

Target version: CCI-0.4

Milestone: None Story Points:

Product Version: *

Description

Configure replication for each of the CNs to replicate with each other. Document changes.

History

#1 - 2010-08-02 20:35 - Chad Berkley

- Status changed from New to Closed

replication is now functional amongst the 3 CNs (cn-ucsb-1, cn-orc-1, cn-unm-1). Replication logging is also functional. It follows the same format as event logging. See story 655 for more details.
