

CN REST - Bug #6838

Count query parameter not limiting results on Accounts

2015-02-03 23:41 - Andrei Buium

Status:	Closed	Start date:	2015-02-03
Priority:	Normal	Due date:	
Assignee:	Jing Tao	% Done:	100%
Category:	d1_identity_manager	Estimated time:	0.00 hour
Target version:	CCI-1.5.3		
Story Points:			

Description

Problem:

When running a query (in this case on accounts), the count parameter isn't being used.

These two queries return the same number of results (a lot more than 3).

<https://cn-ucsb-1.dataone.org/cn/v1/accounts>

<https://cn-ucsb-1.dataone.org/cn/v1/accounts?start=0&count=3>

How to reproduce:

I originally saw this by running through `MultipartCNode.getLogRecords()` from `CNCoreV1IT`'s `testGetLogRecords_dateFiltering()` method, but the queries above work too.

Details:

In the standup meeting, we talked about the possibility that this is a recent bug introduced to the dev or sandbox environments, but I tried it in the production environment in the links above, so it looks like it made it in there too.

History

#1 - 2015-05-13 19:00 - Dave Vieglais

- Target version set to CCI-1.5.2

- Assignee set to Jing Tao

#2 - 2015-05-13 19:12 - Dave Vieglais

- Tracker changed from Task to Bug

#3 - 2015-05-18 16:16 - Jing Tao

- Assignee changed from Jing Tao to Robert Waltz

I believe Robert is a better person than I to handle this bug.

#4 - 2015-05-18 16:18 - Jing Tao

- Subject changed from Count query parameter not limiting results to Count query parameter not limiting results on Accounts

#5 - 2015-05-21 23:14 - Jing Tao

- Assignee changed from Robert Waltz to Jing Tao

#6 - 2015-05-27 18:11 - Jing Tao

- Category changed from d1_cn_service to d1_identity_manager

#7 - 2015-05-28 20:13 - Jing Tao

- Status changed from New to Closed

- % Done changed from 0 to 100

The code was committed to both trunk and D1_IDENTITY_MANAGER_v1.2 branch.

Andrei tested it and it worked for him.
