Product Version:	*		

Description

While upgrading DEV CNs, (using purge , install) we could not find the script

/usr/local/bin/togglePortsAndReplication.sh on cn-dev-orc-1.test.dataone.org when trying to re-enable.

I thought it was there for the disable

I don't know where to start looking to see why it's missing.

History

#1 - 2015-03-13 21:22 - Robert Waltz

- Target version set to CCI-1.5.1

#2 - 2015-05-13 19:03 - Dave Vieglais

- Target version changed from CCI-1.5.1 to CCI-1.5.2
