Infrastructure - Task #7047

Set user-agent in http request header for CN requests to member nodes

2015-04-15 22:41 - Peter Slaughter

Status:	New	Start date:	2015-04-15
Priority:	Normal	Due date:	
Assignee:	Robert Waltz	% Done:	0%
Category:	d1_cn_service	Estimated time:	0.00 hour
Target version:			
Milestone:	None	Story Points:	
Product Version:	*		
Description			
CN service calls could set the user-agent field so that these requests could be easily identified as DataONE requests. One use of this field would be event log reporting (log aggregation) where			

the user-agent could be used to filter MN events that were made by CN service tasks.
