Target version:	CCI-2.0.0	Story Points:	
Milestone:	CCI-2.0		
Product Version:	*		
Description The file name for an object may be specified by a producer and should be preserved during transmission to consumers. This task is to add an optional filename element to system metadata to ensure such information when specified, is preserved. For more information see: https://repository.dataone.org/documents/Projects/cicore/architecture/api-documentation/source/design/what_is_it.txt			

History

#1 - 2015-05-29 21:52 - Ben Leinfelder

- Status changed from In Progress to Closed
- % Done changed from 30 to 100
- translation missing: en.field_remaining_hours set to 0.0

Now in the schema and reflected in the d1_common_java library
