Target version:	CCI-2.0.0	Story Points:	
Milestone:	None		
Product Version:	*		

Description

Our API document says:

The update operation MUST fail with Exceptions.InvalidRequest on objects that have the Types.SystemMetadata.archived property set to true.

I checked the code and i didn't find the enforcement on Metacat code.

History

#1 - 2015-05-08 01:40 - Jing Tao

Added code to check the archive status in the mn.update method.
Sending src/edu/ucsb/nceas/metacat/dataone/MNodeService.java
Transmitting file data .
Committed revision 9200.

Also added a junit test scenario and it passed.

#2 - 2015-05-08 16:59 - Jing Tao

- Status changed from New to Closed
- % Done changed from 0 to 100

Andrei tested on mn-demo-6, it worked for him. Close the bug.
