### **Description**

Key holding: World database of protected lands

Dependencies: They are in the process of implementing CSW. So, we need the slender node and we need them to get their CSW

up.

Location: Cambridge, England

#### History

#### #1 - 2015-06-07 17:16 - Laura Moyers

Bruce met with WCMC in June 2015. Possible interest, but not an immediate priority. Need to re-visit and re-evaluate as DataONE further develops Slender Node capabilities. Definite interest in at least advertising the metadata for some key holdings, such as the World Database on Protected Areas (http://www.protectedplanet.net/).
