

DataONE API - Task #7186

Story # 7185 (Closed): Finalize API Documentation

Clean up documentation on Token Auth approach

2015-06-16 11:35 - Dave Vieglais

Status:	Closed	Start date:	2015-06-16
Priority:	Normal	Due date:

Target version:	CCI-2.0.0		
Story Points:			

Description

During the discussion on 20150615 it was decided that it was premature to add the auth methods to the API. Instead the auth approach will be documented sufficiently that implementors can successfully authenticate to access services.

<https://epad.dataone.org/pad/p/20150615-V2-Discussion>

An important part of this is the documentation associated with the token authentication approach in the architecture docs. This needs to be finalized and reviewed at the protocol level.

History

#1 - 2015-06-25 17:13 - Ben Leinfelder

- Status changed from New to In Progress

- % Done changed from 0 to 30

Modifications have been made to the Authentication documentation page.

#2 - 2015-06-25 22:16 - Ben Leinfelder
