

DataONE API - Story #7188

Review the token approach protocol and implementation

2015-06-16 11:43 - Dave Vieglais

Status: Closed	Start date: 2015-06-16
Priority: Normal	Due date:
Assignee: Ben Leinfelder	% Done: 100%
Category: api_documentation	Estimated time: 0.00 hour
Target version: CCI-2.0.0	
Story Points:	
Description Engage a third party to provide an external review of the protocol approach to authenticated access to DataONE services. Jim Basney at CTSC would be a good candidate if available to review the protocol. A code review should also be performed, though this could be done mostly internally.	
Subtasks: Task # 7189: Review the authentication protocol Closed Task # 7191: Update implementation description as needed following review Closed	
Related issues: Related to Infrastructure - Story #7190: Code review with emphasis on authent... Closed 2015-06-16
