

CN REST - Bug #7244

view service returns a 500 error when given an non-existent PID

2015-07-01 17:31 - Dave Vieglais

Status:	Closed	Start date:	2015-07-01
Priority:	Normal	Due date:	
Assignee:	Jing Tao	% Done:	100%
Category:	cn_metacat	Estimated time:	0.00 hour
Target version:	CCI-2.0.0		
Story Points:			
Description			
Should return a 404 error			
e.g.:			
https://cn-dev-ucsb-1.test.dataone.org/cn/v2/views/IDontExist-Really!			

History

#1 - 2015-07-01 17:31 - Dave Vieglais

- Project changed from Infrastructure to CN REST
- Category changed from d1_cn_service to cn_metacat

#2 - 2015-07-01 22:25 - Jing Tao

We should include the theme in the url:

GET /views/{theme}/{id}

If you access this url, you will get the 404:

<https://cn-dev-ucsb-1.test.dataone.org/cn/v2/views/knb/IDontExist-Really>

#3 - 2015-07-06 21:06 - Jing Tao

- Status changed from New to Closed
- % Done changed from 0 to 100

#4 - 2015-07-14 20:33 - Jing Tao

If you don't specify the theme name, now you will get an invalid request exception.
