

Infrastructure - Task #7257

Feature # 6498 (Closed): V2 Metacat MN and CN Support

Add v2 service to the mn node capability

2015-07-14 21:31 - Jing Tao

Status:	Closed	Start date:	2015-07-14
Priority:	Normal	Due date:	
Assignee:	Jing Tao	% Done:	100%

Target version:	CCI-2.0.0	Story Points:	
Milestone:	None		
Product Version:	*		
Description			
We need to add v2 service in the node capability.			

History

#1 - 2015-07-16 19:05 - Jing Tao

chris: yes, but when we call mn/v2/node, it should list both the v1 and v2 services
chris: when we call mn/v1/node, i think it would only list v1 services

#2 - 2015-07-16 19:18 - Jing Tao

We changed the idea:

/mn/v1/node will return v2 type service as well if the node support v2 service. But it needs to be the correct version node document.

#3 - 2015-07-16 21:57 - Jing Tao

- Status changed from New to Closed
- % Done changed from 0 to 100
- translation missing: en.field_remaining_hours set to 0.0

Both the java code and metacat.properties file were modified to add v1 and v2 versions in the node capacity.

Here is the result:
