Infrastructure - Task #729

Story # 912 (Closed): Fix known TODOs in the metacat code base

Hard coded queries should be moved to .properties files

2010-08-02 21:48 - Chad Berkley

Status:	Closed		**Start date:**	
Priority:	High		**Due date:**	
Assignee:	Chad Berkley		**% Done:**	100%
Category:	Metacat		**Estimated time:**	0.00 hour
Target version:	Sprint-2010.46			
Milestone:			**Story Points:**	
Product Version:	*			

Description

Many internal metacat queries are run in [CrudService](#). Right now they are all hard coded. These queries should be moved to a .properties file.

History

#1 - 2010-10-06 16:42 - Chad Berkley

- Parent task set to #912

#2 - 2010-10-20 16:53 - Chad Berkley

- Status changed from New to Rejected

These queries involve setting parameters in arrays then sending them to the handler. I don't see a case where these queries would change and it would require many parameters in the properties file so I think they should just stay as they are. If you disagree, please reopen this task with an explanation.

#3 - 2010-10-20 18:04 - Chad Berkley

I take back what I said in the previous comment. I was misinterpreting what this task meant. This is now fixed in listObjects.

#4 - 2010-10-20 18:28 - Dave Vieglais

- Status changed from Rejected to Closed
