

Python Libraries - Bug #7298

escapeQueryTerm should be a module method not a class method

2015-08-18 15:06 - Dave Vieglais

Status:	New	Start date:	2015-08-18
Priority:	Normal	Due date:

Target version:			
Story Points:			
Description			
The method escapeQueryTerm requires that an instance of SolrConnection is available. This should be promoted to a module level method so that it may be called without the need for creating a client instance.
