| Description | | | |
| Calling MN.systemMetadataChanged() with a bogus identifier is currently returning a "ServiceFailure: 0000:" exception rather than a NotFound exception. | | | |
| (Tested against demo-8 in dev) | | | |

History

#1 - 2015-09-15 15:42 - Jing Tao

- Target version set to CCI-2.0.0

#2 - 2015-09-15 22:12 - Jing Tao

This method doesn't have a NotFound exception. The one I can choose is the InvalidRequest exception.

#3 - 2015-09-15 22:25 - Jing Tao

- Status changed from New to In Progress
- % Done changed from 0 to 30

I chose to throw the InvalidRequest exception.

#4 - 2015-09-16 20:57 - Jing Tao

- Status changed from In Progress to Closed
- % Done changed from 30 to 100

Andrei tested it and it worked.
