

## Infrastructure - Task #7538

Bug # 7523 (In Progress): D1Client no longer updates stale NodeList

### look at nodeFactory in how it builds mock CNodes

2015-12-10 17:03 - Rob Nahf

#### Description

Because of the nature of using a bootstrap CN to pull the nodeList that doesn't get called from getCN (a new CNode object is created for that), using an in-memory mock CN doesn't work, because CN state is "lost" because one doesn't always get the same CN.

maybe implement a singleton pattern within the mock CN...?
