

Infrastructure - Story #7563

examine and correct any unclosed SQL statements

2015-12-18 23:10 - Ben Leinfelder

Status:	Closed	Start date:	2015-12-18
Priority:	Normal	Due date:	
Assignee:	Jing Tao	% Done:	100%
Category:	Metacat	Estimated time:	0.00 hour
Target version:	CCI-2.0.2		
Story Points:			
Description Seems there is concern about idle Postgres connections building up in the production environment. Need to make sure there are no connections lingering in the connection pool that cannot be reused by other processes when returned.			

History

#1 - 2015-12-23 18:04 - Ben Leinfelder

- Status changed from New to Closed
- % Done changed from 0 to 100

Jing updated IdentityManager class to ensure every statement was closed before returning the connection to the pool.
