

Infrastructure - Task #7656

Story # 7652 (Closed): Enable simple metrics reporting for core services

report on the current indexing load

2016-02-23 19:39 - Dave Vieglais

Status:	Closed	Start date:	2016-02-23
Priority:	Normal	Due date:	
Assignee:	Andrei Buium	% Done:	100%
Category:	performance-scalability	Estimated time:	0.00 hour
Target version:	CCI-2.2.0	Story Points:	
Milestone:	None		
Product Version:	*		

Description

At a minimum, report on the size of the indexing backlog.

Results should be written to a file that is easily parsed with various languages. Two common options include JSON and CSV. A CSV file would be convenient for appending entries if more than a single record is to be kept.

Contents of the file are to be determined but should include the size of the indexing backlog, and may include additional information such as the backlog per member node (if readily available).

History

#1 - 2016-02-24 22:36 - Andrei Buium

- Status changed from New to In Progress
- % Done changed from 0 to 30

#2 - 2016-04-01 15:21 - Andrei Buium

- Status changed from In Progress to Closed
- % Done changed from 30 to 100
- translation missing: en.field_remaining_hours set to 0.0
