Description

The SEAD MN profile shows 0 downloads: https://search.dataone.org/#profile/SEAD. Initial investigation determined that the entryID = PID, which won't work with the logging process (i.e. the entryID should be unique).

In an email 3/18/16, Charitha indicated that they think they've got this sorted in their test instance, but we need to follow up.

History

#1 - 2016-10-21 11:22 - Dave Vieglais

- Status changed from New to Closed

- % Done changed from 0 to 100

Appears to be corrected.
