

Infrastructure - Bug #7748

Fix the object format list for Microsoft Excel OpenXML format

2016-04-21 15:51 - Jing Tao

Status:	Closed	Start date:	2016-04-21
Priority:	Normal	Due date:	
Assignee:	Jing Tao	% Done:	100%
Category:	Metacat	Estimated time:	0.00 hour
Target version:	CCI-2.2.0	Story Points:	
Milestone:	None		
Product Version:	*		
Description			
Currently we use "xltx". However we should use "xlsx".			

History

- Status changed from New to Closed
- Target version set to CCI-2.2.0
- % Done changed from 0 to 100

Modify the file extension to xlsx on cn-buildout/dataone-cn-metacat/usr/share/metacat/debian/objectFormatListV2.xml. Also copied the file to d1_common_java/src/main/resources/org/dataone/service/resources/config/v2/objectFormatList.xml as a cache. And commit them to the svn trunk.

Copy the objectFormatListV2.xml to /usr/share/metacat/debian on cn-dev, cn-sandbox, can-stage and cn. On the directory run insertOrUpdateObjectFormatList.sh objectFormatListV2.xml
