

Infrastructure - Task #7815

Story # 7652 (Closed): Enable simple metrics reporting for core services

Create Common Metrics Logging Interface for D1 Processing

2016-05-18 16:01 - Robert Waltz

Status:	Closed	Start date:	2016-05-18
Priority:	Normal	Due date:	
Assignee:	Robert Waltz	% Done:	100%
Category:	d1_cn_common	Estimated time:	0.00 hour
Target version:	CCI-2.2.0	Story Points:	
Milestone:	None		
Product Version:	*		
Description Create a common interface for replication, log aggregation and synchronization that may be replaced easily with other logging frameworks or interfaces in the future. Also, create an implementation for replication, synchronization and log aggregation that may be retrieved through a factory.

Perl scripts were written to modify LDAP in the case that a new version of an LDAP schema needs automated adjustments either before or after LDAP config generation

The Perl scripts were commented out. We only used the perl scripts once, and if they need to be used in the future, their logic will need to be re-addressed.
