<b>Description</b>			
<p>The following errors led to an issue where the science metadata object (seadva-dd21d2d3-5c02-4f17-ab16-e42ad69003f8; FGDC) was not replicated and stored in the CN Metacat document store as autogen.2016092916013111425.1. Online discussions and email indicate the best approach would be to surgically remove the relevant Metacat database table entries related to seadva-dd21d2d3-5c02-4f17-ab16-e42ad69003f8, and then follow up with another attempt at synchronization/indexing.</p> <p>metacat.log:metacat 20160929-23:01:21: [ERROR]: D1ResourceHandler: Serializing exception with code 404: No record found for: seadva-c918e4ff-2861-496a-a907-d2cb382ddb30.
