<b>Description</b>			
This ticket was originally created by Matt Jones in the MetacatUI project: <a href="https://projects.ecoinformatics.org/ecoinfo/issues/7180">https://projects.ecoinformatics.org/ecoinfo/issues/7180</a>			
When I logged into the KNB (via dev.nceas.ucsb.edu) for the first time with ORCID, it retrieved my name for my profile, but parsed it incorrectly, putting my surname as "B. Jones", rather than correctly identifying my middle initial in the name,. See the attached screenshot. In addition my email address was not extracted from ORCID, which would have been good.
