<b>Target version:</b>		<b>Story Points:</b>	
<b>Milestone:</b>	None		
<b>Product Version:</b>	*		
<b>Description</b>			
The search UI aka. MetacatUI, issues some queries that appear to be poorly formulated. Two examples are listed at:			
<ul style="list-style-type: none"><li>• <a href="https://github.com/NCEAS/metacatui/issues/248">https://github.com/NCEAS/metacatui/issues/248</a></li><li>• <a href="https://github.com/NCEAS/metacatui/issues/262">https://github.com/NCEAS/metacatui/issues/262</a></li></ul>			
These cause excessive load on the search index and should be refactored as soon as possible.			

History

#1 - 2017-12-18 19:08 - Rob Nahf

both metacat UI tickets currently marked as closed.

#2 - 2017-12-18 19:08 - Rob Nahf

- Status changed from New to In Progress
- % Done changed from 0 to 30

#3 - 2017-12-26 18:28 - Dave Vieglaiss

- % Done changed from 30 to 100
- Status changed from In Progress to Closed
