Description

KU is a premium ORCID member as a member of the Greater Western Library Alliance (GWLA). As a result, KU has access to five ORCID API keys. One is currently in use for the KU DSpace instance.

Goal of this story is to leverage on of the remaining API keys to support ORCID authentication in the DataONE production environment.

Subtasks:

Task # 8235: Arrange with KU library to make use of ORCID membership to support DataONE...	**New**
Task # 8236: Acquire ORCID API key under KU membership	**New**
Task # 8237: Configure production environment to use new API key under KU ORCID membership	**New**
Task # 8238: Document contacts and procedure for using KU ORCID membership API key	**New**
Task # 8746: Require email address from user when logging in via ORCID	**New**
