<b>Description</b>			
ONEShare appears to be misconfigured or the member node registration needs to be updated.			
The registered baseURL is:			
<a href="https://oneshare.unm.edu/knb/d1/mn">https://oneshare.unm.edu/knb/d1/mn</a>			
However no expected operations are available using that URL, e.g.			
<a href="https://oneshare.unm.edu/knb/d1/mn/v1/node">https://oneshare.unm.edu/knb/d1/mn/v1/node</a>			
instead all return a 404 error.			
Determine if the node document needs to be updated or if there is some other issue with the service.
