| Description | | | |
| Calling simple services on the CN can take a long time to execute. For example, calling https://cn.dataone.org/cn/v2/resolve/aekos.org.au/collection/nsw.gov.au/nsw_atlas/vis_flora_module/KM_CUDM.20160202 can take about 8-10 seconds, while calling the MN directly (where the resolve service redirects to) takes about 1-2 seconds: https://dataone.tern.org.au/mn/v2/object/aekos.org.au%2Fcollection%2Fnsw.gov.au%2Fns%2Fvis_flora_module%2FKM_CUDM.20160202 | | | |
