CN REST - Task #8809

Story # 8364 (In Progress): Ensure portal uses correct X509 certificates

Adjust portal.properties for certificate configuration

2019-05-21 12:57 - Dave Vieglais

Status:	New		**Start date:**	2019-05-21

Target version:	CCI-2.3.10			
Story Points:				

Description

Portal certificates are apparently currently configured in /var/lib/tomcat7/webapps/portal/WEB-INF/portal.properties

This should be changed to /etc/dataone/portal/portal.properties to ensure persistence between .war deployments.
