Description

I noticed this while doing something unrelated. There isn't a copy of the sysmeta for <https://arcticdata.io/metacat/d1/mn/v2/meta/doi:10.18739/A2CH48> on the CN:

At: <http://cn.dataone.org/cn/v2/meta/doi:10.18739/A2CH48>

```
<?xml version="1.0" encoding="UTF-8"?><error detailCode="1420" errorCode="404" name="NotFound">
  <description>No system metadata could be found for given PID: doi:10.18739/A2CH48
</description>
</error>
```

CNs are in readonly mode at the moment so I'm filing this here so someone can a look later on.
